

Watercolor Secrets Revealed with Tom Lynch

November 14-17, 2017, 10am-5pm

Join Tom Lynch in a workshop designed to show the vast range and flexibility of watercolor and to put emotion and conviction into painting by exploring, experimenting and developing the creativity of each individual. Lynch likes to add fun into the process of painting, along with enthusiasm and new techniques in an atmosphere that makes the intermediate and advanced painter feel welcome!

There will be daily demonstration paintings, with detailed explanations of all the "hows" and "whys" followed by individual attention to see that each

student understands and has an example of the day's objective. Included will be tips on photography, "on-location" painting and matting. Also, Lynch's ever-popular program on salvage techniques for discarded paintings will be discussed during the critique sessions.

You will come away from this workshop with enthusiasm for watercolor painting, some new techniques, a new friend and knowledge that you can use for a lifetime!
