

# Gadsden Arts Center & Museum

Jane and Alex Hinson Children's Art Gallery in the ArtZone

*The Gadsden Arts Center & Museum's mission is to foster understanding and appreciation of the visual arts to improve the quality of life in Gadsden County and the region. The organization works to enhance arts education, provide cultural opportunities, and stimulate economic growth in the community.*

Apply to exhibit children's/student's work in our exhibition space! Teachers, parents, and group leaders may apply for exhibitions of children's or student's art up through 12th grade (teens may apply for themselves) for group or individual exhibitions in the ArtZone. Exhibitions will be on display for approximately 2-4 week periods, depending on availability.

Exhibition space includes two 4x6 feet, and one 4x8 feet magnetic panels to display 2-D pieces. Because works are displayed on magnetic wall panels, works must be unframed (mats ok). The ArtZone can also accommodate limited sculpture in four 44 x 18 x 21 inch shelves to display 3-D works of art.
