

# TERRY HAWKINS BIO

Terry Hawkins was born in Tennessee and moved to Florida in 1963. She has lived 60+ years in the Tallahassee/Gadsden County area. Terry and her husband Michael Hawkins reside in and operate a farm in Gadsden County. Together they have four children and eight grandchildren. Terry is largely a self-taught artist. She has doodled, drawn and painted her entire life. When she retired from the State of Florida after 37 years of service her plans included oil and acrylic classes. Terry's love of nature, animals, the water and people inspire her art. These subjects are reflected in her work both locally in scenes she has encountered in her travels.

Terry is a Vice President of the Gadsden Arts Center and Museum Board of Directors and is an active member of the Gadsden Arts Gala Committee. Terry is a member of and exhibits with Gadsden Artists Guild, has exhibited in the Annual Art in Gadsden Regional Exhibition of Fine Art, and exhibits as a Master Artist at the Tallahassee Senior Center for the Arts. Her work has shown at the Apalachicola Center for History, Culture and Art and at Florida State University.
