Drawing, painting and photography have been a lifelong pursuit for me. I was trained in commercial art and art education with a Masters in Fine Arts from the University of Southern Mississippi and held the position of art instructor at "Southern" and Pearl River Jr. College.

These works are inspired by visual surprises found in ordinary places. I try to experiment with simple items that somehow conflict with each other to tell a story. For color and composition, influence often comes from studying the remarkable commercial magazine illustrators and poster artists of the 1940s and 50s.
