

# KATHY PILKENTON

## ARTIST'S STATEMENT

April 22, 2020

An emerging artist, Ms. Pilkenton's primary mediums are pastels and oils. She is a long-time Tallahassee resident who arrived from the Midwest to attend graduate school at FSU, fell in love with the area, and never left. While she dabbled with graphite portraits years ago, she discovered a talent for painting only recently. Her work typically tells stories of nautical adventures and exotic locales as inspired by experiences crewing through the years on a private sailboat circumnavigating the globe.
